EDUCATION

Bachelor of Science

Computer Science

Rutgers University

2008 - 2012

New Brunswick, NJ

SKILLS

JavaScript (ES6, React, Redux, Node.js)

SQL (PostgreSQL, MySQL)

Cloud (GCP, AWS)

CI/CD

Typescript

Python (Django)

HTML/ CSS

CAREER OBJECTIVE

Throughout my career as a front end developer I've emphasized the importance of scaleable and well documented code. I enjoy working collaboratively but can also run with projects on my own. Excited about the prospect of joining a product-driven company like Acme Corp.

WORK EXPERIENCE

Senior Front End Developer

Xero

January 2017 - current / New York, NY

- Worked on the Payments team to save over 50,000 customers time and improve cash flow through the development of modern, responsive customer experiences
- Led the migration from AWS to GCP for the team to reduce cloud costs by $260,000 per year
- Worked closely with the product team to re-configure the processing of invoices, saving customers over 125,000 manual hours of work per month
- Mentored 3 junior front end developers on the team on React and documentation best practices within the organization

Front End Developer

DTX

January 2014 - December 2016 / New York, NY

- Contributed to the in-house UI library to create reusable components that saved over 200 hours of development time per month
- Created a web app MVP for a store delivery management platform with 100+ business customers to create, manage, and monitor deliveries using React and Redux
- Added new features to a meditation app with 5,000+ monthly active users to enable the uploading of audio and video content using React and Redux
- Through A/B testing of different components and combinations improved customer conversion rate by 17%, representing $500,000+ in incremental annual revenue
